Letter of Recommendation: Sunshine Hall

January 29, 2015

To the concerned:

I have had the pleasure to work with Ms. Hall for the last two years. During our time together, I have supervised several projects that were assigned to her for instruction.

I can tell you without any hesitation that Ms. Sunshine Hall is not only passionate about her assignments but extremely well prepared and enthusiastic about the presentations. She works very well in either team or solo environments. Ms. Hall is a self-starter, mature, and out front! She is an outstanding teacher, gifted with the ability to guide her students through the art-making process and nurture, challenge, and guide them to become better versions of themselves. Her strengths come to bear in the classroom through her willingness and patience teaching students new techniques, concepts, and points of view. Her classes are frequent recipients of praise from her evaluators, administrators, peers, and students.

Ms. Hall is a fantastic and arresting visual artist in her own right. She has an incredible ability to transcend reality and invite the viewer a glimpse into another realm. Ms. Hall is a master at her craft and her work is enjoyed by all those that have an opportunity to view it.

I look forward to continuing our work with Ms. Hall; she is good for our programs and good for the students & families she serves. We enthusiastically support her in the pursuit of a Masters of Fine Art from Wayne State University.

Do not hesitate to contact me personally for any additional information you may require as it relates to the excellence of Ms. Sunshine Hall.

Sincerely,
